TUNGSTEN
SMART-HEAT™ PORTABLE

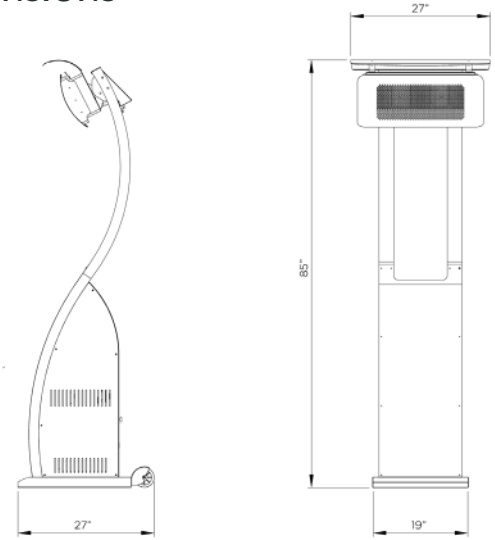

KEY FEATURES

- **Modular Construction:** Built-in wheels enable easy and flexible placement in various outdoor settings
- **Award Winning Design:** Boasts an award-winning matte black finish and unique design, adding a touch of sophistication to any outdoor space
- **Superior Radiant Heating Efficiency:** Utilizes high-intensity ceramic burners and directional radiant heat technology, making it up to 3 times more efficient than traditional portable heaters by focusing warmth exactly where it's needed
- **High Heating Capacity:** Delivers 38,500 BTU of heating power, effectively warming outdoor areas up to 215 ft²
