

Retail

Modular units designed to cover the natural juice demand in megastores. The Zummo Retail range includes juicers, cabinets, dispensers and specialised accessories that can be combined to offer the most adequate solution for every space.

Profitability in juice extraction, intuitive use and simple maintenance. These are the key points that make Zummo Retail the best option to make your business grow.

Z14 Nature Self Service Cabinet G Slim

Great autonomy in the minimum space

To offer clients an extra service, it is no longer necessary to have large spaces or to make great investments. With the Z14 Retail range any type of shop or business can include juice in their offer.

Efficiently squeeze juice

1. EVS®Advanced

Unique vertical juice extraction system; a Zummo exclusive. Based on manual juice extraction system it achieves maximum profitability, obtaining the purest possible juice with the greatest operational functionality.

2. Juice extraction kits

The different-sized juice extraction kits help to maximise the yield of the juice extracted from the fruit depending on its diameter. Easily identifiable thanks to the characteristic color of each range:

Medium (M): Orange; Large (L): Maroon; Small (S): Grey

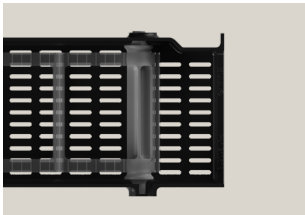

A system developed by Zummo to assemble and disassemble the balls of the kit in just one movement.

Juice extraction kits

3. Automatic filter

Comprised of a belt that starts to move when the juice extraction starts up, sweeping away the seeds and pulp that remain in the filter: greater juice extraction performance and greater autonomy.

Automatic filter

4. Self Service

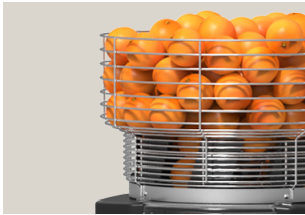

This model incorporates a tap which, when pressed, activates the juice extraction. There is no need to activate this from the programmer display.

Self Service

5. Basket available in two sizes

The machine includes a 20 lbs capacity basket with lid as standard, which prevents access to the oranges. In those cases when more autonomy is required, there is an optional basket with 35 lbs fruit load capacity.

Basket in two sizes
