Freestand Phantom Heater

OUTDOOR ELECTRIC HEATER

NEOFV80IH

TARGETED ELECTRIC INFRARED HEATING

Provides focused, odor-free warmth for an effective heating solution, extending outdoor living spaces with optimal energy efficiency (5,000BTU's/1,500W).

NO-HASSLE INSTALLATION WITH STANDARD 120V OPERATION

Easy to set up with no additional wiring, making it a convenient, cash-and-carry addition to your product lineup.

CLEAN AND CONVENIENT OPERATION

Offers a clean alternative to propane heaters with no need for refueling, aligning with the growing consumer demand for hassle-free products.

ENHANCED SAFETY AND USER-FRIENDLY FEATURES

Equipped with anti-tipping automatic shut off and intuitive light-up knobs control power, heat output and timer for maximum safety and convenience.

VERSATILE LOW CLEARANCE, PORTABLE AND CANTILEVER DESIGN

The compact, stylish cantilever design is perfect for settings like BBQs and dining areas, extending horizontally for precise heat direction. Its free-standing, foldable design with wheels ensures easy movement and convenient storage.

STYLISH AND FAMILIAR CONSTRUCTION

Features a sleek matte black finish like the Phantom Grills with other carryover Napoleon design elements, including backlit buttons and knob, and a patented front grill and vent shape, enhancing both style and functionality.

BUILT TO WITHSTAND THE ELEMENTS

Constructed with outdoor-rated materials and powder-coated for maintenance-free operation, ensuring long-lasting durability in various weather conditions.

Features, Options and Accessories

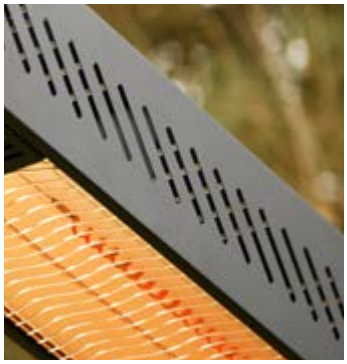

- Electric Infrared Heater for focused and efficient heat, allowing for extended use of outdoor space across multiple seasons
- Up to 1500W/5,000 BTU'x output with odorless heat

Sleek matte black finish

Foldable cantilever design convenient storage and for more directed heat – arm can be hung at multiple angles or positioned vertically

Extended 8-foot cord facilitates flexible placement

Included cover

Competitive Advantage: Portable Comfort with Precision

WHY SHOULD YOU CARE?

Our heater is a premium product with significant high-margin potential, designed to meet the growing demand of consumers investing in outdoor spaces. Its versatile and portable design, combined with a unique cantilever style, enhances any outdoor setting and creates seasonal sales opportunities. This product can be effectively marketed for both residential and commercial use, expanding its appeal to a wide range of customers.

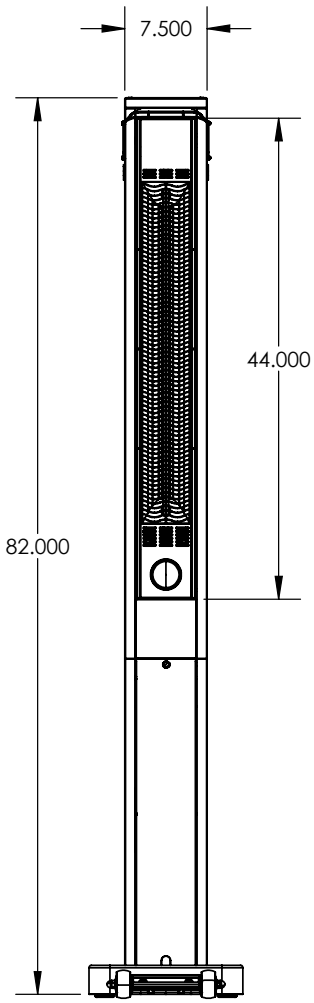

WHY SHOULD CONSUMERS CARE?

The Freestand delivers instant warmth by directly heating people and objects, making it ideal for outdoor gatherings. Its energy efficiency not only helps lower heating bills but also reduces expenses on propane tanks. The Freestand operates at $0.25/hour, while propane heaters operate at $2/hr - this makes it 87% more affordable to run than propane*. Plus, its portability allows consumers to easily reposition the heater wherever it's needed—whether next to their Napoleon grill while cooking dinner or around the dining table with friends and family.
