Folding U-Boat Utility Cart

Designed for dependable material transport in high-traffic commercial settings, the Aluminum Folding U-Boat combines lightweight aluminum construction with a space-saving folding design. Its folding handles allow for upright storage when floor space is limited.

Features:

- Aluminum construction
- Foldable handles for upright storage
- 1500 lb capacity for evenly distributed load
- Powder coated gray finish
- (2) 6" Fixed center load casters
- (4) 5" Swivel end casters with polyurethane tread

Benefits:

- Narrow deck width allows the cart to move through confined spaces and standard aisles.
- Aluminum construction provides a durable, lightweight platform for transporting materials
- Foldable handles help reduce storage space requirements when the unit is not in use.
- 1500 lb capacity accommodates a wide range of material handling tasks.
- Fixed center load casters and swivel end casters support maneuverability and control during transport.
- Polyurethane tread casters are suitable for smooth rolling on facility floors.
- Lightweight 50 lb design allows easier handling and positioning of the cart.
